States cool members

Raskob Chrysler and Fox were described as the largest participants having assumed a liability of \$160,000 each.

The participants in the pool were named by Gray after Senator Wall cost Republican of Connecticut asked him directly what they were.

The pool was described as operating in 1929.

Gray told of the organization of Fox film and Fox theater corporation by Fox with the theater magnate holding control of the voting stock.

For theaters entered a contract with a brokerage firm Blaize and King in 1925 to sell 500,000 shares of non-voting stock at \$25 a share he said.

Later Gray continued Fox wanted to acquire the Wesco chain of theaters on the west coast for Fox film stock.

Unsuccessful at first he then conceded the plan of exchange Fox film stock for Wesco stock on the basis of 1 for 73 100 Gray added.

**Collect Big Fee**

Brokerage firms of Hayden and Stone then went out and bought Wesco at 85 with the knowledge that ultimately it could be exchanged for Fox film stock at an advantage Gray said.

Hayden and Stone paid \$75,000 by Fox film for under writing 125,000 shares without having to do a stroke of work Gray testified.

Fox Gray said dealt in Loew's stock in order to get control of it for Fox film.

Repeal Fight Battle Over Curtis Loom as Highlights of G. O. P. Meet.

By MIRON PRICE  
Associated Press Writer

CHICAGO June 17—The big Re publication show is over but the Democrats are moving in with an even more imposing array of political stargazers and the pause will be only temporary.

Having nominated Hoover and Curtis chosen Everett Sanders of Indiana their campaign manager and meted down the great variety of prohibitory views into a plain promising submission of a plan for modification the hosts of the G. O. P. evacuated their Chicago haunts during the night with no lost motion.

Today nearly all of the Michigan avenue hotels which housed them during the three convention days were back to the normal way of life.

Within a week the Democrats will be in Chicago in the same hotels preparing for the opening of their own convention in the same over-grown stadium on the West side on Monday June 27.

The vanguard was here before the Republicans were beyond the city limits. Advance agents of a dozen presidential candidates will be getting headquarters space in shape over the present weekend and then it will be a matter of steadily increasing activity until the gay' drops.

**Two Major Results**

The Republicans left behind them the memory of at least two events which bid for places in political history. One of course was the sudden upward surge of sentiment for prohibition repealed only after a real convention battle. The other was the final victory yesterday of Vice President Curtis in his candidacy for renomination.

For a time even toward the end it appeared that Curtis was on the verge of defeat, despite the fact that every key man in the convention understood President Hoover wanted his running mate of 1928 kept on the ticket. There was a movement for a younger and more spectacular figure. And there was an important undercurrent of opposition growing out of the social war which had been waged in Washington over precedence between the man who was fighting for her brother Charlie Curtis to win at the November polls as she fought for and helped win the vice-presidential nomination for him in Chicago.

Looking squarely forward, she started her campaign year ahead of yesterday's show down, travel from city to city talking from the platform Herbert Hoover and the Republican party chattering on the side about Brother Charlie.

An hour old did count for her here. The men strategists couldn't think up counter-candidates fast enough to balk her as she stanchly stood her ground on that built-up, well-pulling popularity.

# Public Displays Little Interest in Titular Conflict

## SMALLEST CROWD IN YEARS EXPECTED AT TUESDAY NIGHT BOUT

Most Optimistic Figures See Gate of \$400,000; May Be Less.

By The Associated Press  
NEW YORK June 27—Mac Schencking and Jack Sharkey may put on one of the greatest fights of modern times next Tuesday night, but one of the smallest crowds in modern heavyweight championship history may be there to see it.

All indications now point to an unprecedented lack of interest among the customers.

There has been much criticism of Madison Square Garden's action in sealing off as high as 225 the latest figure for choice ringside positions, is out of reach of most of the pocketbooks that once shelled out double that for seats at previous title battles.

From an original estimate of \$400,000 or more the garden now figures a gate of \$400,000. And even that, in the eyes of some critics, seems overoptimistic by at least \$100,000. They believe a crowd of 40,000 is the most the garden reasonably can expect. The new bowl seats 27,000.

The fighters themselves seem to be concerned not at all about the size of the gate, anxious rather to remain this lively than ended so suddenly two years ago. Schencking regards the bout as his chance for vindication before the New York crowd, but he has won the heavy weight too gloriously on a foul.

Sharkey, possibly the most erratic heavyweight that ever reached a contender's position, sees in his last real chance to win the title what he has sought so long.

Both are trained to the minute. Schencking was down to 188½ pounds after a five-round workout yesterday.

Sharkey was 164 yesterday but plans to continue active work through Monday the day before the fight.

### Four Games Sunday.

Four games are billed for Sunday in the Tri-county baseball league. Haugans Barbers of Marion will trek to Thompson for a clash with Thompson A. C. Agents will play at Morristown. Fosters will invade the Marion silk mill diamond for a game with Owensville and Rednor will play at Marion.

## "Rassler" Finds Grappling and Fags' Don't Mix

By The Associated Press  
BROOKLYN, Calif., June 27—Mustangs I. are probably well told that cigarette and wrestling do not mix.

Pasha was wrestling last night with Paddy Mack of Boston. During one clinch he had the advantage of the British grappler and apparently thought he won.

Pasha should do no half-hearted follow—but a lucky one in which his mouth was open wide.

Then a fan—perhaps the same one who earlier had found a cigarette in Paddy's lap at ringside—sneakily flicked a cigarette. It was not extinguished straight. It flew into Pasha's mouth.

The fellow continued jostling thus before the note sounded was agony not victory. Pasha's reply: "Jesuit." Paddy suddenly twisted loose, leaped on Pasha and pinned him to the mat.

### FIVE TIOTS BILLED

All Ten Marion County Softball Teams Will Play Saturday.

All of the 10 teams in the Marion county softball league will swing into action Saturday of this week in a five-game program of contests. There will be three games in the South division and two in the North.

In the South division Green Camp will travel to Merker Plaza and will be entertained by Weidlo and Prospect will play home in Agosta. In the North division of the rural circuit Morrell will invade Kirkpatrick and the Marion county children's home will go to Caledonia. The games are slated to get under way at 6 p.m.

### REGISTRED SHOOT TO BE HELD SUNDAY

The Oakland Heights gun club will conduct a registered shot at its grounds a mile west of Marion on Greek Camp Pike Sunday afternoon.

The main event will be shot at 16 yards and will consist of four 25-yard events. Shooters at their option may compete for prizes in each 25-yard event.

Time permitting the main event will be followed by a 10-yard hand cap.

Scores of the main event will be included in the official records of the American Trapshooter association at Vandala.

### WASHED OUT

Rain washed out all of the four games scheduled yesterday in the Industrial softball league here. This makes a total of 10 postponed games in the four city leagues with only a week to go before the end of the first round of play.

Other postponed hits are: Epworth Sandhills vs. First, Epworth vs. United Brethren vs. First, 13, formed in the No. 2 Sunday school league; St. Mary vs. First Presbyterians in the No. 1 Sunday school league; No. 1 Traffic club vs. K of P and Prospect vs. K of P in the Commercial league; St. Paul vs. Eagles in the Industrial league besides the four games of yesterday.

The Commercial league will play four games today.

## KILONIS AND BEY TO TWIST TOES IN NEXT MAT CONFLICT HERE

Wild and Woolly Battle In Prospect Monday in Outdoor Arena.

Clete Kauffman whose business is to match wrestlers in such a way that their bouts meet with the approval of the box office customers believes he has scored a direct hit in rounding up the next weekly battle for the Bremen I. Off. society of Marion.

The youthful Mr. Kauffman today announced the successful termination of much bickering and dickering for a two-hour period of warfare here Monday night between Gentle John Kilonis and Moonlight Bey. The two behemoths will win the Monday night battle.

Kilonis is a Greek and Bey is a Turk. History of warring nations shows no more bitter rivals than the peoples of these two nations. The history of wrestling shows that each of these great gladiators have inherited considerable of their native nations' contempt for each other for no two men have ever displayed a more wholehearted dis-

like for each other than have these two. Nothing is too mean for either when they get together in the ring.

Colonel Grove had announced he

would die before he would give

guns but he finally was captured alive with Senor Mar.

The revolt began last night when a group of army officers invaded the presidential palace seeking Colonel Grove. The search was unsuccessful for the colonel had hidden himself in an obscure room.

In the meantime, rebels

troop were marching on the city to besiege the palace. Much gunfire began to rage and great crowds of people many of the Communists sent up a terrific din in the streets.

Fight Communists.

Airplanes of the attacking force flew over the city and the sky was lit up by bursting star shells and rocket flashes while from the north the troops entered the city.

The attackers issued a statement saying their only purpose was to restore constitutional government and that they intended to refrain from any part in politics. A right-wing government had been re-established. In such a government they said, Communists would be declared outside the law and entirely illegal.

Twenty-three Dead in Tanker Blasts

Sixty Three Others Hurt in Explosions Aboard Craft at Montreal

Continued from Page One

detonation was in reality two explosions occurring so close together as to appear to have been one.

The explosion wrecked the dry dock which was seven miles from the heart of the city. The dock was torn apart and one section floated away.

A little more than an hour later while firemen were directing streams of water on the blaze the second explosion more severe than the first occurred. Flames leaped high into the air and in the confusion that followed terror-stricken men were seen staggering away from the dock. Their faces torn and bleeding. Many had suffered broken arms and some were dragging themselves away with broken legs.

Boats Save Many.

The first explosion ripped the forward part of the tanker wide open throwing the majority of the crew, many with their clothes afire into the water. Rescuers brought them ashore in rowboats.

We were thrown all over the place said one of the crew who found his way to safety. We scrambled about like rats trying to find our way out in the darkness.

Several hours later the firemen had brought the blaze under control but the ship's plates were so hot it was impossible to go through the ship in search of the missing.

The cymbeline had been damaged in grounding in the St. Lawrence River and had put into the dock for repairs. She had brought a cargo of gasoline from Port Arthur, Texas, and the cargo had been unloaded but the fuel tanks contained a substantial quantity of oil. Shortly afterward a quantity of oil stored on the side of the dock caught fire.

the recent statement by another investigator that women who transmit the disease must potentially have it.

The ailment is known to have something to do with a deficiency in the sex mechanism. Scientists however are still trying to unravel the mystery of its cause and how to treat it. Protein injections have been found effective as a control for hemophilia.

Occasional cases of suspended hemophilia are found upon more thorough investigation not to be true hemophiliacs. Dr. Snyder reports that three Ohio families were referred to him as having hemophiliac females, but he said upon laboratory diagnosis no evidence of true hemophilia was found.

# Save 2½¢ PER GLASS

on your *Strawberry Jam*

The cheapest, most delicious strawberries of the year are crowding the local markets. So read below how you can make jam quicker and cheaper than ever this year... and then go to your grocer at once!

**Mrs. F. H. Bateman**  
ILLINOIS STATE JELLY CHAMPION

"I just hate to think of women still making jam and jelly the old-fashioned long-boil method. It is so costly. And so terribly tedious!"

"I make all my prize-winning jellies and jams with Certo. And I would never think of doing it any other way. In the first place, Certo reduces boiling time for crushed strawberry jam, for instance, to one minute. And, of course, that is how it saves me so much money. For, with so little boiling needed, not one bit of the fruit juice has time to boil away. And as a result I usually get fully 5 more glasses from the same amount of fruit... and save as much as 2½¢ on every glass."

Of course, that 1 minute of hard boiling also saves lots of time, too. Indeed it takes me only 11 or 12 minutes from the time I put my fruit and sugar mixture on until the time my finished jam is cooling in the glasses. "And with Certo you get much better tasting jam or jelly, too. Certainly the 37 prizes the State Fair Judges awarded my jams and jellies in the last two years testify to that!"

Why don't you do as Mrs. Bateman suggests and order a supply of Certo today—with your strawberries and other jelly making supplies? You will be delighted at the money and time it will save you! And the extra flavor it will give your jams and jellies, too... if you simply follow carefully the Certo recipes that come in the booklet attached to every Certo bottle. So don't delay. In a few days this marvelous crop of berries may be on the wane. Get your bottle of Certo from your grocer's today. It is a product of General Foods Corporation.

## What is the PRICE OF BEAUTY?

Without health there can be little natural beauty. The wise woman knows that the condition of her body shows itself on her face, her complexion, and in her eyes.

She takes care to avoid cosmetics. This treacherous ailment frequently causes headaches, yellow skin, pimples, premature aging.

Tre the pleasant street way to protect yourself from constipation. Science has proved that Kellogg's All-Bran provides "bulk" to exercise the intestines, and Vitamin B to tone the intestinal tract. All-Bran also furnishes iron, which helps build up the blood.

The "bulk" in this delicious cereal is much like that of lettuce. How much safer than abusing your system with pills and drugs—so often habit-forming!

Two tablespoonsful daily will correct most types of constipation. All-Bran is not habit-forming. If your intestinal trouble is not relieved this way, see your doctor.

Get the red and green package at your grocer's trade by Kellogg's Battle Creek.

## KIWANIS HEARS TALK BY MARION MINISTER

Rev. Carl V. Roop, U. B. Pastor, Speaks at Meeting of Luncheon Club.

The development of stronger characters—of cleaner lives—of real ability to meet and solve difficult problems, Rev. Carl V. Roop, pastor of the United Brethren church believes, will be some of the good things that will come out of the depression.

Rev. Roop, who took as the subject, "Courage for the Conquer," spoke at the weekly luncheon meeting of the Kiwanis club at the Hotel Marion yesterday. He declared the need for courage and faith was perhaps as great now as ever in the history of the country and those who got the most out of the depression would come out stronger and better equipped to fight the problems of the future.

He also said new methods are necessary to meet new conditions. The radio as a means of extending

the field of the church, was recommended by the speaker. He said, however, that he did not believe, as some predict, that the radio will in time replace the church. He pointed out as an example of what can be accomplished by the radio in church work, the report made by one pastor recently who stated that all hearing the sermon heard in a card, more than 10,000 cards were received by the pastor, he said.

Members of the club, it was announced yesterday, will go to DeCliff on the night of June 30 when Dely will be the guests of the church.

REFUSE TO DEMONSTRATE

WOMAN, 102, TAKES  
TRICK PLANE RIDE

By International News Service  
MANSFIELD Eng.—"Who should  
I be afraid?" asked Mrs Anna  
Stearns, 102, prior to her first air  
plane flight.

I expect to be much nearer  
heaven than I have been before,  
she added.

The aged sportswoman had  
written to Sir Alan Cobham who  
was holding an aviation display  
in Mansfield asking to be taken  
up. He insisted on doing a loop.

Mrs Sansall is thought to be  
the oldest woman air passenger.  
When the three engine air liner  
was landing at the Mansfield po-  
rt, a few hours later, it  
struck the ground硬着陆. One  
wheel was wrenched off the car-  
riage, buckled under and one of  
the wing tips became embedded in  
the ground.

The passenger's however de-  
scended unharmed including Mr  
Stearns.

Of British invention is a motor  
driven plow that works without  
human attention by winding on al-  
ternate drums cables fastened to  
opposite sides of a field.

This group of Wisconsin Re-  
publicans remained in their  
seats at the party's national  
convention while other dele-  
gates joined in a demonstra-  
tion for President Hoover at  
the closing session Thursday  
night in right—Water T.  
Schlesinger, Louis T. Dohm, Ted  
O'Bryan, secretaries of state;  
Willie A. Granberry of Warren  
and John Gromichols of Mil-  
waukee.

Two Americans, Charles May, who  
lived in Paris since 1867 and  
William Reynolds of New York, a  
widower who was anxious to get  
home, were among those who  
flew in the first air mail balloons  
which rose from Paris during the  
four months of the siege by the  
Prussians in 1870 carrying mail and  
passengers over the encircling Ger-  
man lines.

These envelopes and post cards  
have become so rare that few col-  
lectors have more than a dozen  
each. Light of the 55 balloons  
failed to make safe landings and  
several fell in the Channel and ocean  
and several fell in the German  
lines but 47 of them landed their  
loads of mail safely and may have  
carried 100,000 letters at most.

As much as \$800 is bid for some  
of the letters with clear post mark  
of Paris and the nearest post office  
to the place of landing. Torn en-  
velopes or those from which the  
stamps are missing are bid for as  
much as \$25.

These same balloons carried  
many notable passengers from the  
besieged capital including Leon  
Gambetta, a member of the French  
national defense government and

the second balloon the CIIA  
of Berlin, of which no one  
can carry 1,310 pounds of load  
and come near being shot down  
by the Prussian rifles. The third  
was nicknamed the "United  
States" because it was composed  
of three small bags tied together  
in spite of which it carried the  
load of mail safely.

The fifth balloon, not named,

was brought down near the Ger-  
man lines in and Germans and  
French fought for its mail each  
killing part. The entire load con-  
sisted of post cards stamped at  
10 centimes and the German

CIGAR BOX IS IOWA  
BABY'S FIRST CRIB

By International News Service  
WATKINSVILLE, Ga.—The birth of  
a baby in Ia., in Kansas City, re-  
cently elicited Waterloo citizens  
that it weighed just 18  
ounces, as estimated by doctors.

The baby born to Mr. and Mrs.  
Fred Henry was so frail at birth  
that it was hard to tell if it was  
absolutely necessary. It was doubt-  
ed if it would live.

Henry left three weeks ago  
when he was 14 surrounded by his  
water-tight cotton clothing  
gained strength. At the age of five  
months he weighed nearly 22  
pounds.

His father relates that the baby  
first crib was a cigar box.

"TREASURE" MAPS  
ARE MADE BY FIRM

By International News Service  
TUCSON, Ariz.—Manufacturing  
treasure maps for gold-travelers  
in the Southwest has become an  
extensive business with a Her-  
mosillo, Sonora, Mexico firm.

The diagrams, mellowed by a  
water process which leaves the  
finished product yellow "with age,"  
point out the locations in Arizona  
mountains and Tucson canyons  
where Spanish conquistadores  
long ago buried vast fortunes as they  
fled from savage Indians.

The maps have been passed from  
generation to generation according  
to the seller, who "has never had  
time to search for the gold." They  
are sold from \$10 to \$100. The  
maps have been manufactured  
within the last few years.

**OHIO CANDIDATES AT CHICAGO****Quick Marriages Not Love, Says Woman, 60; Weds Salesman, 30**

By International News Service  
CHICAGO—That's not love, it's impulse.

The business of meeting, sloping and marrying suddenly, Mr. and Mrs. Harry C. Wills mean.

They're qualified to speak about it, too, for despite the disparity of their ages—she's 60 and he's 30—they have established a union based on common interest, which is a happy one they say.

Unless lots of couples know what makes for success in marriage. They knew before they took the plunge. They studied each other thoroughly "methodically."

Suburban eyebrows were raised when the secret marriage of the woman by Evanson widow and the auto salesman was revealed.

The customers rubber-stamped observations were made.

But love—such as theirs is the real McCoy—the kind that carries couples beyond the longer mile posts they say—exceeded the difference in their ages.

It's simple to be happy, though marked they chorus and then sub-

sequently add character of a man and a woman no matter whether they be 30 or 60."

**CORPSE MISSING, POLICE BAFFLED**

Supposed "Occupant" Is Found Alive and Happy

By International News Service  
WELLESLEY, England—After the gun was found here the police said that it was empty and the bullet had passed through a live and thinking will.

After learning that a gun had been fired in a bungalow recently, the police paid a visit and found a bullet hole in a mount with the wings of St. George.

Mr. W. L. S. of Chelmsford, son of Mr. S. D. S. and wife, and his son, Charles George W. Ford,

The gun was removed and dug down to see if there was nothing else in it and nothing.

Inquiries of neighbors all revealed that the man who had been shot had kept up his usual routine.

We expect she concluded, to feel the same way 10 years from now and it's easy if one knows her to blend the impulses and how to blend the impulses of the man.

The gun was removed and dug down to see if there was nothing else in it and nothing.

He was taken to a hospital where it will be kept in care until the next day. Wayne told

the police he had no record when he received the shotgun or of the police. But there was no sign of foul play about the bungalow.

The bungalow was a bungalow when the police learned that the woman was alive and well and on a visit to relatives in Scotland.

away from the approaching monsoon. Then, with a wide grin of anticipatory excitement he hopped out of bed and strode to the window. The Gulf of Mexico was an infinite sea, lake of molten silver shimmering under the cloudless sky. Another hot day was indicated for not the slightest whisper of wind rippled the surface of the water. The palms leaned this way and that as though disengaged and weary. Their leaves were dry, drooping at the tips.

No wonder thought Jerry these people were there to trap for one another's throats at the flicker of an eyelid. Never ever during those hot hell days at the front when pilots came to from patrol cursing at the tops of their voices, had he known such serious tension.

All evening as the guests had sat about the living room he had expected to witness a riotous out-break among the fidgeting taut nerves men. Lucci and Mallory their puffed and bruised faces covered with bandages regarding each other with malevolent eyes greedy for an opportunity to finish the struggle of the evening before. Those two strange silent men Martin and Williams gazing steadily at Miss Wentworth with expressions in their sombre eyes which caused the liver to watch them more closely than he did the others. Lucci and Mallory, whatever they may have been before coming to the Island were now savages knowing it and not caring. But what damage the heat and the unusual atmosphere of the place had done to Martin and Williams was not so evident. They would bear quiet watching.

That dull Ashwood had lounged in his chair long enough upon their nerves as any master manipulates his banks of keys. A dozen times during the hot infernal evening Jerry had tensed his muscles expecting the lobs of the crippled thumbs to break into a murderous frenzy and ran outside. But always at the very last instant before an outbreak Ashwood would smooth the others ruffled nerves and turn his attention to the next. Only two of all those who had dined in that house for many days seemed unmoved by his verbal of sorts to arouse their anger. Hamilton concentrating upon his everlasting adjectives, answered the critics' round carelessly seeming to regard them as only slightly irritating interruptions to the vastly more important business of placing one card upon another. And Nancy, somewhat lame through the evening unendured Ashwood's selling for her director did not cut to the bone. They were kinder perhaps. At any rate the girl held her own without great difficulty.

Jerry had not sought an opportunity to confirm his presence to her. At dinner he had surprised her studying his face thoughtfully and meeting her eye had seen her shake her head ever so slightly then look away. So he knew that she recognized him and was warning him to make no slip that would betray him.

It was with much regret that he gave up hope of drawing her aside for a few moments conversation before Emery and Stevens precipitated a battle royal. She could have told him how many guides patrolled the beach how many machine guns could be expected to open fire upon the airplane and where probably would be the most likely place for him to start a row to take the defenders' attention.

The soft-footed steward placed a red grapefruit before him. He found that despite his suspicion he had not lost his appetite.

"Nice place you have here," he observed politely.

"Isn't it? I congratulate myself upon a happy thought when I purchased this house in sections and had it assembled here after my plans. The guests inhabit the west wing which leads off the living room. My rather large study uses the east wing and some of my quarters over the hangar boat house. An admirable arrangement."

Jerry grinned wholeheartedly. There was something in the news and the admiration of the fellow that was very appealing.

Mr. Peabody said the other unexpectedly were you ever in the Air Service?

"Yes," admitted Jerry steadily.

"Did you perchance know Captain Jerry Calhoun?"
